**1510 Matters Arising not to be considered elsewhere on the Agenda – None**

**1511 Great Hollands Pavilion (GHP)**

**1512 Great Hollands 50th anniversary**

Councillors supported the use of Jurassic Park on June 11 2017 for celebrations to mark the Great Hollands 50th anniversary. Councillors looked forward to the event being held, BTC being involved and also suggested activities that could be organised and groups that could be invited.

**1513 ‘In Bloom’ results**

Jocks Lane Park and South Hill Park had both won ‘gold’ awards in the Parks and Open Spaces category of the Thames and Chilterns in Bloom campaign, and South Hill Park was also awarded an RHS National Certificate of Distinction. Councillors said that the awarding of gold awards at both Jocks Lane park and South Hill Park was a credit to the Grounds Team. Councillor Pooler also mentioned how she had found one grounds person to be particularly considerate of park users recently - the RFM agreed to pass on the compliment to the team member concerned.

**1514 Events/ Summer activity days**

After the success of the three events this year, Councillors confirmed support for BTC to continue with plans for organising a similar number of these events in 2017, as they had proved so popular with local residents.

**1515 Brooke House**

BRP were now expected to refurbish the upstairs office windows, and install new front/ rear doors at Brooke House around December in advance of laying a new surface on the High Street in the New Year,

**1516 Bracknell in Bloom (BIB) – future plans**

Having had a successful outcome from entering two of our parks in the ‘Parks’ category of the ‘In Bloom’ competition, the BIB team were considering whether to continue with a similar approach of focusing on parks entries next year, possibly including entering others such as the Elms, and to again defer entry of a judged route around the town. On balance, the Committee agreed this seemed to be a sensible approach for next year.

**1522 The BFC operated public toilets at Birch Hill** were now proving expensive to operate. Councillors agreed that BTC officers investigate whether it might be better if BTC took over the running, cleaning, maintenance and repair of them, but did not want them to be closed.
