6. Decision Notices

Application no	Address	BFB Decision	BTC Comments
17/00885/FUL	McDonalds Wildridings Road	Refusal	Bracknell Town Council recommend refusal for the reasons below: 1) This site has already expanded from it's original size and has become a public hazard due the increase of vehicles using the precarious entry road to the site, it also causes passing lorry drivers who cannot fit down the driveway to park their vehicles on the adjoining roads while ordering their food. 2) Access to the Recreational Park is already hindered by the car of cars waiting to enter McDonalds making the parking smaller will only cause more congestion on this important access route to the park. 3) The customer parking area has already decreased in size on this site due to previous expansion which now results in McDonalds customers using the car park of the adjoining recreation ground to consume their food causing the car park to be more hazardous for families and children using the play park. 4) Litter on the site has increased considerably causing bins to be full on a regular basis which results in litter being left in the recreation car park or scattered along the entry road.
17/00887/A	McDonalds Wildridings Road	Refusal	Bracknell Town Council recommend refusal for the reasons below: 1) This site regularly suffers from traffic congestion proving it already has more than adequate signage and advertising, taking into consideration it is situated in a recreation/wildlife park we feel it would be out of character for this area, B.T.C feel more signage of larger size would totally spoil the Country feel created on this site.
