

Find out which small Mammals live around us

This is an opportunity to get up close and personal with some of our native small mammals with expert, Pat Morris. Children are welcome to be involved in trap setting and meeting the creatures we catch, then watching them be released.

Saturday 21st September 5:30 pm

Come along and learn how we set traps for small mammals

Sunday 22nd September 9 am

Come along to check the traps and find out which small mammals live in our area

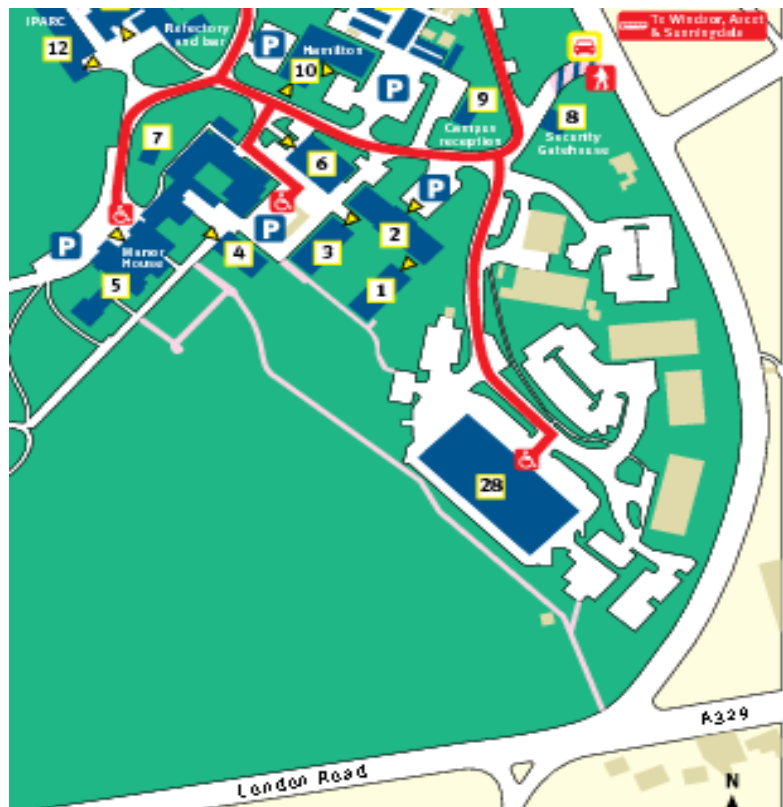

Please arrive to be ready to set off at the times above

We will meet at the parking by the Manor House at Silwood Park Building 5 on the map

Imperial College Silwood Park Campus, Buckhurst Road, SL5 7PY

**Dress warmly
with sturdy shoes**

**Cancelled if frost/bad
weather is forecast –
please check our website**
